1. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

2. Claim 25 is rejected under 35 U.S.C. 102(b) as being clearly anticipated by Hobbs. Hobbs discloses the claimed subject matter including a watercraft 50 with a hull having port and starboard sides and a stern, a deck supported by the hull, a propulsion system, a helm with a throttle control, a pole 48 mounted to the deck, a controller 20, a sensor 30, the controller being configured to send a signal to the compensation device based upon the signal from the sensor to reposition the watercraft based on speed.

The sensor is connected to the receiving portion via the deck and the shaft.

3. Claims 1-17, 21-24, and 26-34 are allowed.

4. Applicant's arguments filed December 14, 2004 have been fully considered but they are not persuasive. Applicant alleges that the sensor of Hobbs is not connected to the receiving portion. However, the sensor of Hobbs is connected to the receiving portion via the deck and the shaft.

5. **THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the

Art Unit: 3617

shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
